PROFESSIONAL SUMMARY

Computer Science and Design Graduate (9.26 CGPA, 2026), with prior Internship experience at Alstom with working knowledge in enterprise automation (workflows and document migration). Experience with Microsoft Power Platform, SharePoint, Azure Storage Explorer (for archiving), and Data Engineering & Analytics. Strong leadership, collaboration, and problem-solving skills demonstrated by heading the Production & Curation at TEDxMVJCE.

SKILLS

- **Enterprise & Automation Tools Used:** Microsoft Power Platform (Power Automate, Power Apps, AI Builder), SharePoint, Microsoft Fabric, Claude, Azure Storage Explorer
- **Data Engineering & Analytics:** Excel, SQL, Python (Basics), Power BI, Apache Spark, PySpark
- **Language & Scripting:** PowerShell, HTML, CSS
- **Tools & Platforms:** Shopify (UI/UX), GitHub
- **Soft Skills:** Leadership, Communication, Collaboration, Problem-Solving

WORK EXPERIENCE

SharePoint Intern - ALSTOM | Jan 2026 – May 2026

- Executing **SharePoint document migration** from one environment to another using **PowerShell** and **JSON scripts**.
- Developed automated workflows using **Power Automate** and **Power Apps** to streamline internal business processes.
- Generated reports for data tracking and validation using **Excel**.
- Built a **Lakehouse** solution in **Microsoft Fabric**, integrating data warehousing and data lake capabilities with efficient data ingestion pipelines.
- Developed scalable data processing workflows using **Apache Spark**, **PySpark** and **T-SQL** for data transformation and analysis.
- Built interactive **Power BI** dashboards within Microsoft Fabric, leveraging unified Lakehouse data.
- Created archives of historical projects in **Azure Storage Explorer**.
- Conducted **UI/UX testing and validation** of the Translation Portal.
- Explored **AI Builder** for AI-powered document processing.

UI/UX Developer (Intern) - Alopa Herbal Healthcare | Jul 2025 – Aug 2025

- Designed and deployed a responsive e-commerce website using **Shopify** and **CSS** to showcase Ayurvedic products.
- Integrated interactive features and intuitive navigation systems, resulting in enhanced user engagement.
- Website link: <https://alopaherbal.com/>

EDUCATION

B.E. Computer Science and Design - MVJ College of Engineering, Bengaluru | CGPA: 9.16 | 2022 - 2026
PU – Whitefield Global (Deeksha), Bengaluru | 2020 - 2022

LEADERSHIP

Head of Production & Curation – TEDxMVJCE | Mar 2024 – Mar 2026

- Directed speaker curation, stage design and technical logistics for TEDxMVJCE 2025
- Managed cross-functional teams to deliver seamless event experiences for high-profile stakeholders.

PROJECTS

AI Stock Price Prediction with Anomaly Detection

- Built an interactive Analytics Dashboard using Streamlit and Yahoo Finance API for real-time market tracking.
- Implemented price forecasting and anomaly detection algorithms to visualize unusual market trends

Smart Laser Security System (IoT)

- Developed a microcontroller-based intrusion detection system using NODEMCU ESP8266 and C++
 - Programmed real-time alert functionality for home and commercial security monitoring.
-

CERTIFICATIONS

- Android Development with Kotlin Fundamentals – Google Developer Group (Dec 2023)
- AI Fundamentals – Great Learning (May 2024)
- Frontend Web Development Workshop - Google Developer Group (June 2024)
